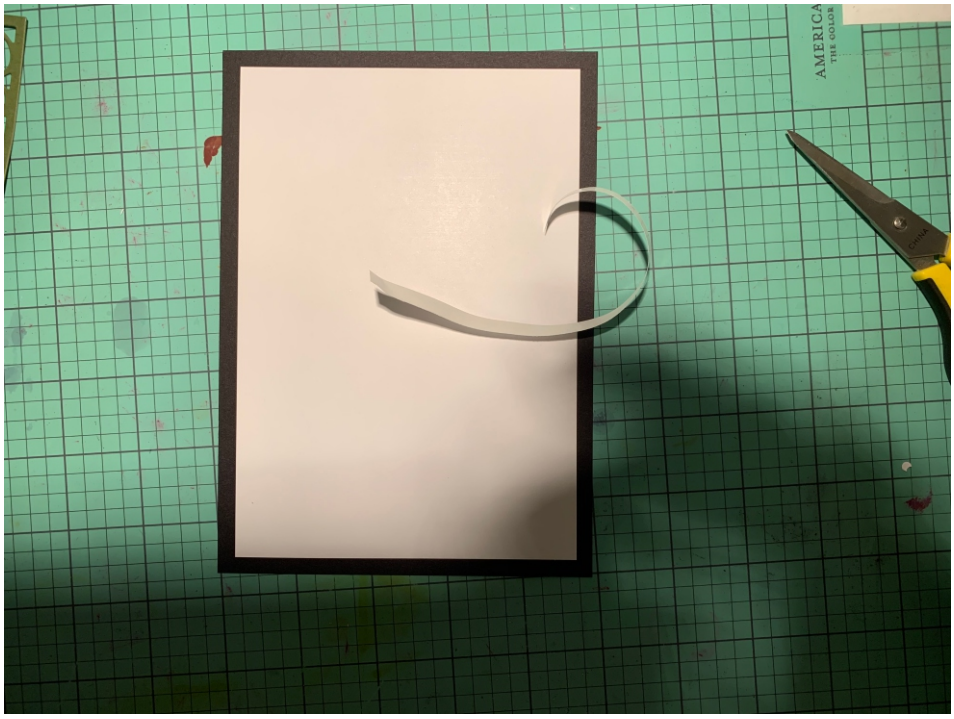
YG63

Church Sympathy Card Project 604J

Suggested card size is 5 X 7 inches. Print 1 copy of the full image, flowers, and sentiment (2 times) as shown on photo. You may color the images if you wish, or use the hand colored that are included with your Digi Bundle. I usually use the hand colored prints and highlight them using Copics to give them a little more vibrance.

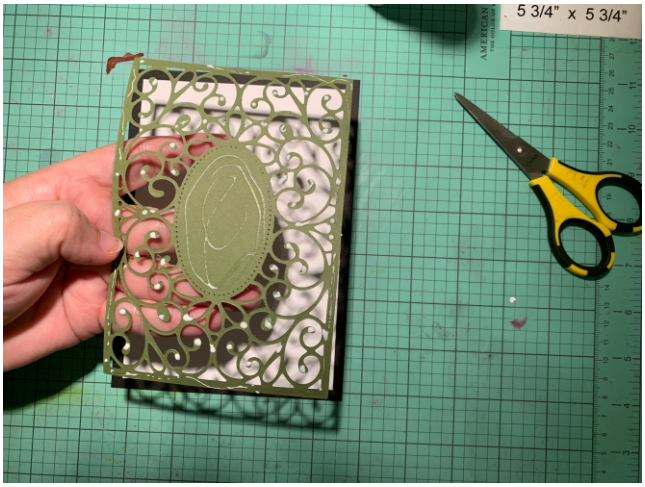
Fussy cut everything except the sentiments. They will be die cut using Spellbinders 18 or whichever die you have, or just fussy cut.

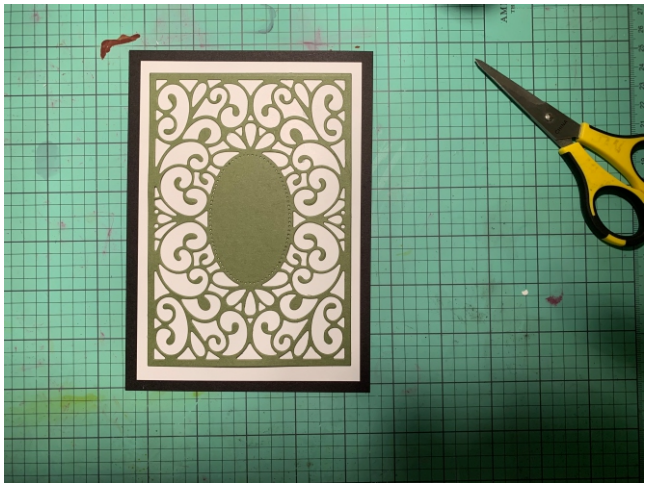
Church Sympathy Card Project 604J



Cut the front base pieces- 5" X 7”
Black Rectangle, 4 1/2" X 6 1/2"
White Rectangle. Center and glue white onto black. This is the front of the card base.

Bchurch Sympathy Card Project 604J

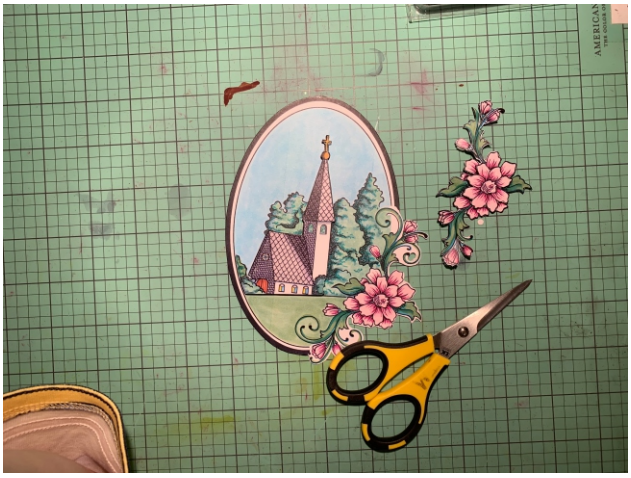




Cut the **Green** card stock using the Vine Die or other die you may have that measures around 4" X 6".

Center and **Dimensional Glue** onto Card Front.

Church Sympathy Card Project 604J



Layering- Using 3M tape, attach **Church Cutout** on top of Church on the Oval. I used **Scotch Pop up foam** to layer the **flower pieces.** The tips of the smaller pieces at the stem I touched with a small dot of glue to give it an angle. Attached the flowers to the Oval with 3M foam tape.

Church Sympathy Card Project 604J

I applied some **Bubblegum Glitter** to the front layer of roses.
Tech Tip: I do the application process over a **COFFEE FILTER** so I can return the extra glitter back to the jar!

I centered and attached this **Front Piece** to the front of the **Base.**
